

SIMRAN SHARIFF

Engineer | Maharaja Institute of Technology Thandavapura Mysuru
☎ +91 8073565448 | ✉ simranshariff1103@gmail.com

Professional Summary

Motivated and detail-oriented engineering student with strong technical expertise in Python, C, Java, and AIML. Recognized as a fast learner with leadership qualities, collaborative mindset, adaptive nature, and effective communication skills. Experienced in developing projects in AI/ML with hands-on training. Driven to contribute to organizational success while continually advancing technical and professional skills.

Core Skills

- Programming: Python, C, Java, AIML
- Domains: Artificial Intelligence & Machine Learning (AIML), and Amazon Web Service (AWS)
- Professional: Leadership, Team Collaboration, Problem Solving, Analytical Thinking, Communication, Adaptive Learning
- Additional: Quick Learner, Time Management, Critical Thinking

Education

Maharaja Institute of Technology Thandavapura, Mysuru — Engineering
Jul 2023 – Present

JSS Women's PU College, Chamarajanagar — 12th/PUC May
2021 – Apr 2023

Crescent Academy, Chamarajanagar — 10th Jun 2014 –
Apr 2021

Certifications & Training

- IBM – Certification on Artificial Intelligence.
- Certifications on AWS Cloud Watch and Basic Audit of AWS.
- Training on Python and Artificial Intelligence.
- Certification on Basics of C-Programming at Infosys Spring Board.

Projects & Academic Work

- Developed AIML-based projects using Python, focusing on data processing and predictive models.
- Designed a project named AI Family Health Tracker, focusing on tracking health of each individual of a family.
- Designed a project named AI Thyroid Detector, focusing on detecting the presence of thyroid.
- Developed AIML based Air Quality Monitoring System, to detect the quality of air of different cities using AQI.

Key Strengths

- Strong leadership and mentoring abilities demonstrated through collaborative academic projects.
- Ability to adapt quickly to new technologies and environments.
- Effective communicator with experience presenting technical work to peers and mentors.
- Problem-solving mindset with attention to detail and innovation.
- Commitment to continuous learning and professional development.
